

France Trip – 13 July 2017

Today we spent the first part of the morning in the swimming pool and enjoying the sun. Later we travelled a short distance to a lake in Ville de Ferre where we had a picnic and a lovely walk around the lake. On the way back we stopped off at a supermarket to spend the last of our money. Back at the centre we enjoyed an ice-cream and spent some more time in the swimming pool before having a bbq as our evening meal.

12 July 2017

After breakfast we had an early start this morning. The students have had a fabulous day enjoying the thrills and spills of Parc Asterix today. The weather has been really kind to us. Travelling back to the centre as I type for tea and a chilled evening of games and relaxing.

11 July 2017

After a breakfast of cereal, toast and fruit we had a leisurely start. The students spent time playing crazy golf, table-tennis and football. We boarded the coach and travelled to Reims today. The first place we visited was the very impressive cathedral. After lunch we had a wonder round the shops and the sights of the town. On our way back we stopped and had a walk around the American cemetery of the first world war. When we arrived back at the lodge the students enjoyed spending time in the pool, chilling and playing table-tennis.
