

# Year 7 Welcome to Forest School.

I am really looking forward to meeting you next term.

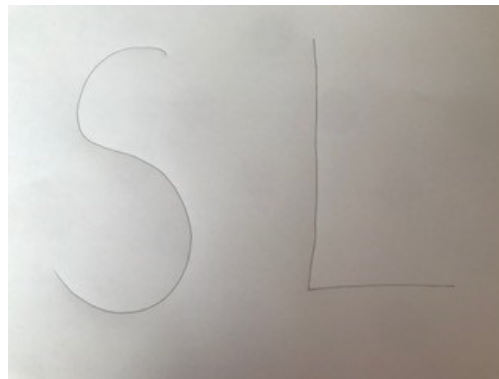

To help me to get to know your names I would like you to do a little activity for me.

When you go out in your garden or on a little work with your family can you take a container and collect some nature treasures. This can be anything you find interesting.

This is what I found in my garden.

Then draw out your name or initials on a piece of paper.

These are my initials.

Then be as creative as you can, to make a beautiful nature picture.

This was my finished picture.

Please then send me a photo of you with your finished picture or just a photo of your picture. I look forward to seeing your master pieces! [S.latimer@queenscroft.staffs.sch.uk](mailto:S.latimer@queenscroft.staffs.sch.uk)

Take care and I will see you soon.

Mrs Latimer
